STATEMENT OF THE SUBSTANCE OF INTERVIEW

COMMISSIONER FOR PATENTS
ALEXANDRIA, VA 22313

SIR:

Applicant wishes to thank Examiner Sullivan for the telephone discussion on October 22, 2009, in which Applicant argued that the octyldodecanol disclosed in the examples of Calello are part of a commercial product and are not added alone, and that this means that very little octyldodecanol is added to Calello's examples. The Examiner took the position that the claims failed to specify a range to overcome the teachings of Calello. Applicant was

Application No. 10/538,924
Interview Summary Statement

encouraged to present further arguments to show why one would not have been motivated to optimize the range as taught by the prior art.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
